

Tennis Competitions 2007

Rules

1. All matches to be best of three tie-break sets.
2. Balls to be provided by first named couple or player.
3. **Arrangement of matches to be coordinated by asterisked player. The asterisked player should offer their opponent(s) a choice of 3 dates/times for the match to be played. The asterisked player must contact his/her opponent(s) as soon as possible after the draw is made (or once he/she knows his/her opponents in a subsequent round) but no later than 2 weeks after the draw is made (no more than 2 weeks after the deadline date for the previous round). If the opposition is/are unable to make any of the 3 dates/times offered then they must forfeit the match. If non-asterisked player(s) contact the Tennis Convenor to say that they have not been contacted and offered 3 dates by the asterisked player within the specified 2-week period then the asterisked player (and partner if appropriate) will forfeit the match. If an arranged match is postponed due to adverse weather, illness or injury (with the agreement of both parties) then the asterisked player should again offer 3 dates/times for the match to be re-scheduled. However, regardless of postponements for weather or other reasons, the matches must still be played before the deadline date shown on the draw. Any matches not completed by the deadline date for whatever reasons will be decided by the Tennis Convenor by toss of a coin. The Tennis Convenor's decision will be final in any disputes over uncompleted matches.**
